Definition

If the school or LEA delivered instruction virtually to a large percentage of students during the 2020-21 school year, proportional attendance rates may rise due to the statutory definition of attendance for virtual classes (Section 162.1250, Missouri's virtual education law). All students who complete virtual coursework meet the 90% attendance threshold to be counted in this metric. In many other schools or LEAs, proportional attendance rates may decrease due to COVID isolation and quarantine protocols.
